

North Park Art Studio - Drawing and Sketchbook Materials List

- Small Set of Drawing Pencils
- Kneadable eraser
- Hard Eraser (Staedtler Mars Plastic or other)
- Sketchbook
- A couple small sized paintbrushes (round tip)

Notes on Materials:

Drawing Pencils:

Staedtler makes a nice little 6 pencil set. 4 or more pencils in a range between HB and 8B of any brand should work just dandy.

Sketchbooks:

Around 8.5 x 11 is a nice place to start off with, although larger can be great too. Some people choose to also have a smaller sketchbook in addition, to take with them for sketching on the go. I recommend you buy your sketchbook at an art store and not a dollar store.

Where to shop:

Island Blue at Fort and Douglas has a great selection and will also offer a discount to my students so that is a great place to start, Opus on Herald Street is another good option.
